BOOK SYNOPSIS

This book is designed to help students prepare for the AP Calculus Examinations. Over the past two decades of teaching, I have written and compiled hundreds of sample questions of varying levels of difficulty. This book contains concise notes on each topic covered by the AP Exams, and is intended to be used alongside your textbook and class notes to clarify areas of weakness. I have also provided you with eight full-length practice tests. There are easy-to-follow worked-out solutions for every example in this book.
