## **BOOK SYNOPSIS**

How can we define the Inklings, the group of friends who met weekly for many years in Oxford, to discuss and read their writings? With C S Lewis and J R R Tolkien at the groups centre, what was it - just an informal set of people? Or was it agenda-driven? Who else was involved, and why do Owen Barfield and Charles Williams matter? What influence do they have - and the others who were involved in the group, including the women who were on the fringes - Dorothy L Sayers and Lewis wife, Joy Davidman? The Inklings were an influential group, along the lines of the Lake Poets, Dr Johnsons Literary Club, or the Bloomsbury Group. This fascinating group study explores their lives, their writings, their ideas and crucially the influence they had on each other.
